

SKILLS

IN DEMAND

EMPLOYMENT PROJECTIONS

Top 10 growth sectors (2015-2025)

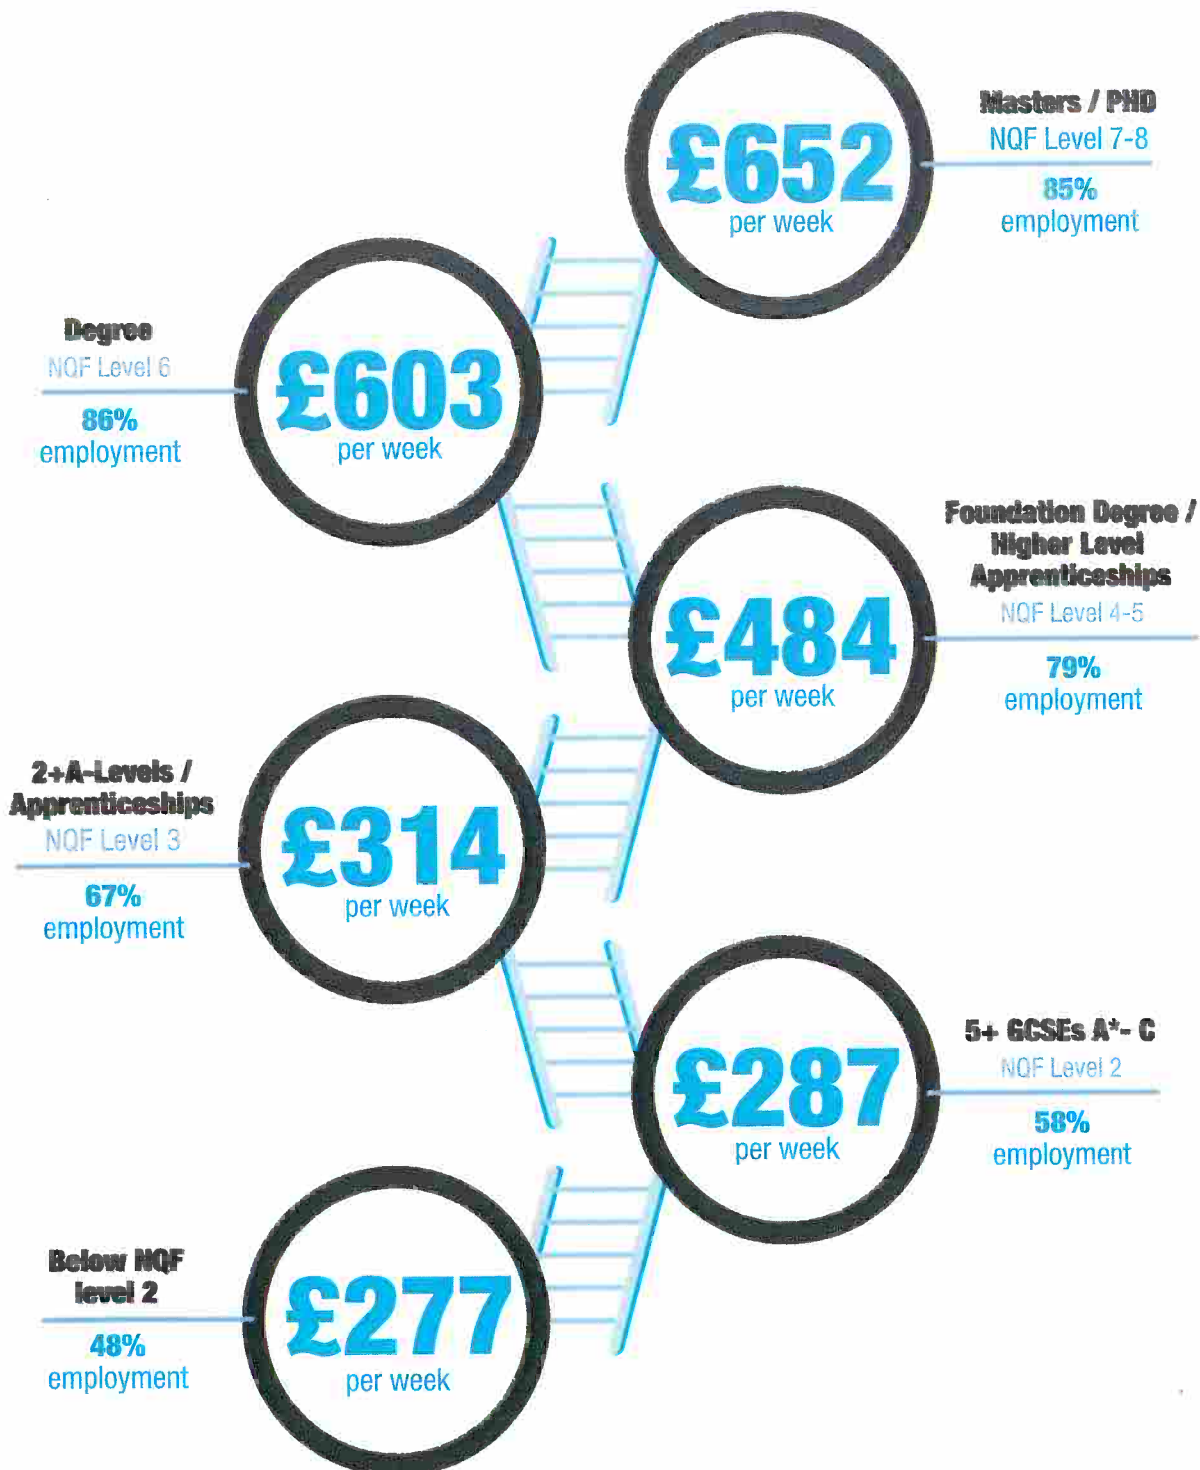

There will be growth opportunities for all skills levels across a range of sectors, the focus will be predominantly on higher level skills.

IMPORTANCE OF SKILLS

The more you learn the more you earn

By continuing into further and higher level education you can greatly increase your earnings potential and employment prospects.

Low or little demand for those with no skills.

SUBJECTS IN DEMAND

STEM related subjects will be in most demand reflecting the anticipated growth in the ICT, professional services and advanced manufacturing sectors. STEM qualifications will also be demanded by a wider range of sectors across the economy.

More graduates are needed in the following subject areas:

Our economy needs more people with Foundation Degree Level / Higher Level Apprenticeship qualifications in:

The subjects are listed in priority order of demand.
